Healthcare IT and Data Analytics Strategy

[Framework and Advanced Analytics Solutions for Operational and Cost-of-Care Optimization](#), BlueCross BlueShield Association Advanced Analytics Showcase, Chicago, IL, 2019

[IT Strategy Update – A New Approach](#), ACO Client Newsletter Article, 2013

Measure Registry and Data Warehousing Needs Assessment, Public-Private forum sponsored by NQF/HHS regarding the gathering, storing, and/or accessing measure information to identify priorities for developing standardized methods of tracking measures, NCQA, Washington DC, 2012

Exploratory Analytics with Quality Measures and HIE Data – How Would You Use These Findings? Presentation to a Health IT Physician Advisory Council, Providence, RI, 2012

Data Warehousing: Using Data in Your Systems to Benchmark and Improve Care, AMGA Annual Conference, Orlando, FL, 2008

Sharing Population-Level Patient Data Through a Trusted Intermediary, 2nd Annual World Congress Leadership Summit on The Road to Interoperability – Innovative Public/Private Initiatives in Healthcare Information Exchange, Boston MA, 2007

Assisting Health Care Providers in Achieving Their Strategic Priorities, Institute for International Research Conference on Provider Incentive Programs for Quality Care, Chicago, IL, 2003

Advanced Healthcare Analytics

Framework and Advanced Analytics Solutions for Operational and Cost-of-Care Optimization, BlueCross BlueShield Association Advanced Analytics Showcase, Chicago, IL, 2019

Measuring Adherence to Evidence-Based Best Practice – Correlation to Outcomes, Cost, and Population Health, Client Presentation, 2017

Optimizing Acute Care Processes Through Order Utilization Analysis Powered by Machine Learning, Client Presentation, 2017

Data and Analytics Supporting Population Health Management, Client Presentation, 2016

Payer-Provider Collaboration Supported by Data and Population Health Analytics, BCBS Association Information Management Symposium, Detroit, MI, 2016

Emerging Trends in Healthcare Analytics, Healthcare Financial Management Association (HFMA), First Illinois Chapter, Chicago, IL, 2015

Exploratory Analytics with Quality Measures and HIE Data – How Would You Use These Findings? Presentation to a Health IT Physician Advisory Council, Providence, RI, 2012

Data and Insight Sharing

Convergence of Real-World Data, Informatics Technology, Clinical Relationships and Business Partnerships Supporting a Secure Federated Healthcare Information and Analytics Network, Client Presentation, 2018

Clinical Data Exchange Between Payers, Provider Networks, and HIEs, Client Presentation, 2016

Aggregating and Exchanging Data to Improve Patient Outcomes and Cost, Reimagine Healthcare Through Data – Consulting Firm Event for Payers, Providers, and Life Sciences, Minneapolis, MN, 2015

Data Drives Us – Your First Look, ACO Client Newsletter Article, 2013

Using EHR Data to Drive Improvement: Electronic Measurement in the Real World, Kaiser Permanente Center for Total Health – In recognition of National Health IT Week. Washington, DC, 2012

Measure Registry and Data Warehousing Needs Assessment, Public-Private forum sponsored by NQF/HHS regarding the gathering, storing, and/or accessing measure information to identify priorities for developing standardized methods of tracking measures, NCQA, Washington DC, 2012

Electronic Measurement to Drive Improvement – Lessons Learned from the Rhode Island Beacon Community Program, eHealth Initiative Forum on Data and Analytics in Healthcare, Washington, DC, 2012

Data Extraction and Normalization to Support Beacon Quality Measurement, Presentation and Panel, ONC Conference on Meaningful Use of EMRs and Other Technologies to Achieve Measurable Improvements in Health and Care Quality, Salt Lake City, UT, 2011

Improving Health Outcomes Using a Real-World Collaborative Data Warehouse, HIMSS Finnovations Conference, Chicago IL, 2009

Data Warehousing: Using Data in Your Systems to Benchmark and Improve Care, AMGA Annual Conference, Orlando, FL, 2008

Sharing Population-Level Patient Data Through a Trusted Intermediary, 2nd Annual World Congress Leadership Summit on The Road to Interoperability – Innovative Public/Private Initiatives in Healthcare Information Exchange, Boston MA, 2007

AMGA's Anceta Collaborative Data Warehouse, FDA Sentinel Network to Promote Medical Product Safety, Rockville MD. 2007

Data-Driven Quality and Performance Improvement

Emerging Trends in Healthcare Analytics, Healthcare Financial Management Association (HFMA), First Illinois Chapter, Chicago, IL, 2015

Aggregating and Exchanging Data to Improve Patient Outcomes and Cost, Reimagine Healthcare Through Data – Consulting Firm Event for Payers, Providers, and Life Sciences, Minneapolis, MN, 2015

Data Drives Us – Your First Look, ACO Client Newsletter Article, 2013

Using EHR Data to Drive Improvement: Electronic Measurement in the Real World, Kaiser Permanente Center for Total Health – In recognition of National Health IT Week Washington, DC, 2012

Electronic Measurement to Drive Improvement – Lessons Learned from the Rhode Island Beacon Community Program, eHealth Initiative Forum on Data and Analytics in Healthcare, Washington, DC, 2012

Engaging Providers and Patients Through Data and Quality Reporting – The Lure of Comparative Data, National eHealth Collaborative Webinar, 2011

Data Extraction and Normalization to Support Beacon Quality Measurement, Presentation and Panel, ONC Conference on Meaningful Use of EMRs and Other Technologies to Achieve Measurable Improvements in Health and Care Quality, Salt Lake City, UT, 2011

Aligning Beacon Community Quality Measures with Meaningful Use, RI Chronic Care Collaborative, Warwick, RI, 2011

Improving Health Outcomes Using a Real-World Collaborative Data Warehouse, Finnovations Conference – HIMSS, Chicago IL, 2009

Assisting Health Care Providers in Achieving Their Strategic Priorities, Institute for International Research Conference on Provider Incentive Programs for Quality Care, Chicago, IL, 2003

Care Delivery Process Optimization

Framework and Advanced Analytics Solutions for Operational and Cost-of-Care Optimization, BlueCross BlueShield Association Advanced Analytics Showcase, Chicago, IL, 2019

Measuring Adherence to Evidence-Based Best Practice – Correlation to Outcomes, Cost, and Population Health, Client Presentation, 2017

Optimizing Acute Care Processes Through Order Utilization Analysis Powered by Machine Learning, Client Presentation, 2017

Patient and Provider Engagement and Population Health Management

“Operationalizing” Value-Based Care, Industry Brief, 2020

“Jedification” of the Primary Care Physician and Their Care Delivery Teams: Enhancing Operational Performance, Efficiency, and Patient Engagement - More Technology/More Touch, Primary Care Practice Client Brief, 2017

Data and Analytics Supporting Population Health Management, Client Presentation, 2016

Payer-Provider Collaboration Supported by Data and Population Health Analytics, BCBS Association Information Management Symposium, Detroit, MI, 2016

Engaging Providers and Patients Through Data and Quality Reporting – The Lure of Comparative Data, National eHealth Collaborative Webinar, 2011

Sharing Population-Level Patient Data Through a Trusted Intermediary, 2nd Annual World Congress Leadership Summit on The Road to Interoperability – Innovative Public/Private Initiatives in Healthcare Information Exchange, Boston MA, 2007

Innovation and Digital Health Transformation

“Operationalizing” Value-Based Care, Industry Brief, 2020

Optimizing Acute Care Processes Through Order Utilization Analysis Powered by Machine Learning, Client Presentation, 2017

“Jedification” of the Primary Care Physician and Their Care Delivery Teams: Enhancing Operational Performance, Efficiency, and Patient Engagement - More Technology/More Touch, Primary Care Practice Client Brief, 2017

Concurrency in Healthcare, 14th Annual SCPD Conference on Concurrent Innovation and Best Practices: Optimizing Time to Market, 3M Innovation Center, St. Paul, MN, 2015

Sharing Population-Level Patient Data Through a Trusted Intermediary, 2nd Annual World Congress Leadership Summit on The Road to Interoperability – Innovative Public/Private Initiatives in Healthcare Information Exchange, Boston MA, 2007

Healthcare Market Challenges

Leveraging Mindful Collaboration to Put Healthcare Transformation into Practice, Industry Brief, 2021

“Operationaling” Value-Based Care, Industry Brief, 2020

Leveraging Payer-Provider Collaboration in an Uncertain Healthcare Market, Consulting Firm Healthcare Transformation Series, Minneapolis, MN, 2017

Health Plan and Physician Challenges in a Swirling Healthcare Market, Consulting Firm Healthcare Webinar Series, 2017
